

Demonstration of Proposed Features

Date	12 July 2026
Team ID	
Project Name	Smart Lender
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrated (Yes / No)	Remarks
1	Loan Application Form	User enters applicant details through the web form for loan prediction.	Implemented	Yes	Shown by filling the loan application form.
2	Model Training & XGBoost Selection	Multiple ML models are trained and XGBoost is selected as the best model.	Implemented	Yes	train_model.py and model comparison were explained.
3	Loan Eligibility Prediction	Predicts loan approval or rejection using the trained XGBoost model.	Implemented	Yes	Approved and rejected cases were demonstrated.
4	Applicant Summary Display	Displays all applicant details along with the prediction result.	Implemented	Yes	Applicant summary table shown after each prediction.
5	Key Decision Factors	Explains the prediction using Credit History, Income, Property Area, and Education.	Implemented	Yes	All four factors were explained during the demo.
6	Review & Resubmit Feature	Allows users to modify details and submit the application again after rejection.	Implemented	Yes	Review & Resubmit button was demonstrated in the rejected case.

Feature Implementation Summary:

Total Features Proposed	6
Total Features Implemented	6
Total Features Demonstrated	6

Overall Implementation Rate (%)	100%
